

Non-resident Aliens & Practice Management Seminar

FRIDAY, OCT 20, 2017

Join us for the ILSEA Fall Tax Seminar,
featuring nationally known John Sheeley, EA.

John has been engaged as a tax practitioner since 1987 and an Enrolled Agent since 1995 and a NTPI Fellow since 2012. Established in 2008, his current firm focuses on the needs of U.S. citizens living abroad, and non-resident alien entrepreneurs and entertainers living and working in the United States. He can be reached at john@taxpracticepro.com.

This day long seminar includes a much requested presentation on **Non-resident Alien Tax Compliance** [2 CPE; IRS# UB57Y-T-00106-17-I]
Plus several practice related presentations:

How to Implement Transcript Review [1 CPE; IRS# UB57Y-T-00107-17-I] Learn how the various transcripts can be used proactively in your practice.

How to Implement Prepaid Audit Services [1 hour; NO CPE] Learn how to add a pre-paid audit program to your practice which will increase fee income, increase client loyalty and retention, and offer an overall lower cost to the client for representation services.

Data Security in the Tax Office [2 CPE; IRS# UB57Y-T-00108-17-I] Learn best practices as suggested by the tax industry and the IRS Security Summit, including ideas for implementation and checklists which can be taken back to the office and used immediately.

Building a Paperless Office on the Cheap [2 hours; NO CPE] The reality of the “less paper” office is no longer a best practice--it is standard practice. This presentation discusses how a small practitioner can dip their toe in the less-paper world without committing to proprietary software products.
